WHO WE ARE

WHAT WE DO

MAY 2006

CEONET . . . the Rural Broadband Centre

- a not-for-profit community-based organisation
- active in Prescott-Russell and SDG
- objective: to promote and support Information Technology
- governance: 15-member volunteer Board of Directors

Some of our activities and accomplishments since 2000

- expanded access to DSL in partnership with Bell, the Province of Ontario and the two United Counties
- mapped the locations of people who want high-speed
- surveyed small businesses for their internet use
- organised several IT mini-conferences and job fairs

CEONET currently

- publishes a series of IT pamphlets for small offices
- is organising short IT workshops (TechBreaks)
- maintains a web site with IT links for small offices

We support

- Information Technology and internet applications for small offices
- Web designers and internet service providers

CEONET does not

- sell products or services
- represent commercial companies

Our office is located at

3134 Dornie Rd, Alexandria (just off County Road 43)
